## HISTORY

Inès Jewelry was founded in 2010 by sisters Caroline and Nathalie. Thick as thieves throughout their lives, yet complementary in their skill-sets, they decided to put their passion to work and launch a new brand of jewelry. Inès Jewelry designs stand-out due to their contemporary, fresh and delicate designs. Each gem has been chosen very carefully and the creations strike a fine balance between modernity which dazzles with colors and the more classic diamonds and gold.

Nathalie : « Since my childhood I have been fascinated by the color, shine, rarity and mysterious charm of gems. I was lucky enough to be able to pursue my dream and spend time in numerous cities around the world studying and learning about the very stones which were such a source of captivation to me. To me, Inès Jewelry is a dream come true ; an opportunity to do what I love with the person who is closest to me ».

Caroline : « I have always enjoyed experimenting with fashion : always following and anticipating the latest trends. But I am far from being the gifted and dedicated artist my younger sister is. We work together in perfect harmony as only two sisters can ».

Nathalie has a diploma in drawing from the Gemmological Institute in New-York (GIA), a diploma in Gemmology from the National Institute of Gemmology in Paris (ING) and a certificate in Diamond graduation from the Gemmology Association of Australia (GAA). She currently lives and creates in Geneva. Caroline has a Degree in Business Administration from EDC in Paris. She lives in Dubai with her family.

PERMANENT COLLECTION

Our designs are unique because they are modern, delicate, original and elegant. More importantly there is a reason and a hidden message in each creation that goes beyond simple artistry.
